TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Allenstown in the County of Merrimack in said State, qualified to vote in Town Affairs:

[L. S.]

You are hereby notified to meet at the New Fire Station in said Allenstown on Tuesday, the ninth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To hear and act upon the report of the town budget committee.

4. To see if the town will authorize the selectmen to borrow money in anticipation of taxes.

5. To see if the town will vote to give a two per cent discount on all taxes paid on or before July 1.

6. To see if the town will vote to charge twenty cents on each poll tax not paid on or before the first of September in each year, and ten per cent interest after December 1.

7. (By petition) To see if the town will raise and appropriate money to equip the fire truck with a fire pump to be installed on the truck now in use.

8. (By petition) To see if the town will appropriate the necessary amount of money to gravel and tar the River Road from the intersection of the Deerfield Road to the property of S. Bosiak on said River Road.

9. (By petition) To see if the town will raise and appropriate the necessary money to install a street light at the intersection of the Deerfield and River Roads in the Town of Allenstown.

10. To see if the town will vote to accept as a town highway the road lying on the northerly side of the town library and extending from Main Street easterly over land reserved for a street to the road leading to School Street.

11 (By petition) To see if the town will vote to abolish the caucus law.

12. To take the sense of the qualified voters upon the following question, to wit: Is it expedient to revise the constitution?

13. To hear the reports of auditors, agents, committees or officers heretofore chosen and pass any vote relating thereto.

14. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 20th day of February, in the year of our Lord nineteen hundred and thirty-seven.

ERNEST A. RAYMOND,
ALFRED P. GIRARD,
GEORGE LEVESQUE,

Selectmen of Allenstown.

STATE BOARD OF HEALTH

Division of Maternity, Infancy and Child Hygiene

Allenstown, N. H., Dec. 30, 1936.

Health Officer, W. D. DANEAL

Dear Sir:

Enclosed you will find a report of the health work which has been done in your community by the Division of Maternity, Infancy and Child Hygiene of the New Hampshire State Board of Health, co-operating with the local agencies as represented through the Child Health Conference Committee.

Child Health Clinics:

Number held	3
Number children attending	124
Number found with defects	95
Number defects found	163
Number defects found corrected	12

Diphtheria Immunization Clinics:

Number held	2
Number children receiving treatment	98
Ages 6 months to one year	4
Pre-school	68
School	26

NOTES.—Eight mothercraft classes were held late last Winter, and eight more this Fall, with an average attendance of 30 mothers. Mothercraft certificates were given to 26 mothers.

These clinics were held at the Pembroke Fire Station, and include both Pembroke and Allenstown children.

HELEN L. CORRIGAN, R. N.

Staff Nurse,

*Div. Maternity, Infancy and
Child Hygiene,*

N. H. State Board of Health.

School Nurse.

DOMESTIC SCIENCE REPORT

For the Year Ending June 30, 1936

To the Superintendent of Schools:

The class projects during the Fall were the canning of vegetables, making marmalade, jelly, jam, and pickles. These products were used for home and school consumption and some were canned for outside consumption. Five cents was charged for a can of vegetables and two cents for a jar of jelly, marmalade, or jam when the customer furnished the materials. Part of the canning was done on shares and the school's share was used later for hot lunches. The following list shows the amount of work done:

- 73 jars of vegetables
- 50 jars of jelly
- 63 jars of marmalade
- 14 jars of jam
- 23 jars of pickles

During the winter months hot lunches were served as usual. The pupils helped to defray expenses by making things to eat to sell to other pupils.

A short time before Christmas a sale was held. Articles sold were made by pupils in sewing classes. Dish and fancy towels, holders, woven mats for hot dishes, aprons, sofa pillows, luncheon sets, button and handkerchief bags, candy and pop corn balls were sold.

The money earned from this sale was used to pay expenses for a trip to Cote's Bakery in Manchester. There the girls learned many interesting things in the making of a commercial loaf of bread. They saw all the processes from the mixing of the ingredients to the finished product. After the mixing in immense mixers they followed the course to the fermentation rooms, to the kneaders,

ovens, cooling rooms and finally to the slicing and wrapping machines. Models of the master loaf were given as souvenirs.

In May the annual School Exhibition was held at the Town Hall in Pembroke. The costuming of the play given by the upper classes was in charge of the pupils in sewing. A Fashion Show, in connection with the exhibition, showed the dresses made by them in their sewing classes.

In June the girls conducted a party as a farewell to the girls of the graduating class.

We wish to thank the parents, friends, school board, and Superintendent who have co-operated with us in making the school year a help educationally.

EDNA P. BENWARE,

Teacher of Domestic Science.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Allenstown:

It is a pleasure to present to your Board my third annual report. Attention is given particularly to enrollment and teaching staff, attendance and promotions, improved facilities, and special activities.

Enrollment and Teaching Staff

At the present time enrollment in the Allenstown Grammar School is nearly one hundred. Over thirty of these pupils are being transported by bus from Hooksett. These are children who were deprived of school facilities by the flood of last March. The cost of tuition and transportation is paid by the Town of Hooksett.

The only change in the staff of teachers is the withdrawal of Maurice B. Kalloch, part-time teacher of manual training, to become full-time teacher of mechanic arts and athletic coach in Milford High School.

A reassignment of classes makes it possible for the Principal, Mr. Kelley, to teach the manual training.

Mrs. Mary C. Chickering, a graduate of Keene Normal School in the Class of 1932 and for four years teacher at Pembroke Hill, is part-time substitute on three half-days a week in the intermediate grades. Mrs. Chickering also assists with individual instruction for special pupils.

Attendance and Promotions

For the year ending with June 1936 the excellent record established in attendance was maintained. The number of pupils neither absent nor tardy increased from five to ten.

Largely through the four methods outlined in my last report, the goal of one hundred per cent in June

promotions was attained in all grades. The percentage of promotions in the building a year ago was only 87.5.

The co-operation of parents has contributed much to making the percentage 100.

A complete record of every pupil is available in the Superintendent's office. Parents are urged to consult with the teachers and Superintendent concerning the progress being made by their children.

Improved Facilities

Your janitor has taken much interest in the care of building and equipment. Particularly has he improved the heating of the building by the adjustment of radiation through repairs and the proper placing of new air valves. This has contributed to reduction in fuel consumption.

A new electric sewing machine has been purchased for the domestic science department. This affords opportunity for the girls to become familiar with the operation of both the treadle and motor types of machines. The boys in manual training have made for this department a demountable sewing table with veneer wood top.

To the playground equipment there has been added a new pair of goal posts and basketball baskets.

Improved facilities in textbooks have been confined to the use of "social studies" readers by Hanna, Anderson, and Gray for supplementary work in the primary grades, and the introduction of the "Open-Door Language Series" by Scott, Congdon, and others in Grades three to six inclusive.

Special Activities

By vote of the district in March 1936, the sum of \$150 was raised for rental of the Community House which is now made available for the school children of Allenstown. To residents of Allenstown, participating in Pembroke

Clubs and other social and athletic activities, are extended equal privileges.

On two mornings a week the boys and girls of the three higher grades are given regular instruction in physical training. These classes are conducted by the principal.

I commend to your attention the printed report of Mrs. Benware, teacher of domestic science. The hot lunches prepared and served by this department afford the girls practical experience in the preparation of foods. At the same time the children who are served with a hot lunch often show after the lunch hour a distinct improvement in mental alertness.

Statistics on health work, for the year ending last June, are given in the printed report of the school nurse. This report does not include the large number of visits made to homes and the mileage covered by your nurse in transporting pupils to and from clinics outside of her nursing district.

The returns derived from your investment in music are many times worth the cost. The contrast is noticeable between those pupils who have recently entered your upper grades and the pupils who have had the instruction of your music teacher for several years.

The enrollment in the nursery school continues at the maximum of thirty children. The average daily attendance is over twenty-five.

The adult classes, organized a year ago, are being continued with an enrollment of over one hundred men and women. Different groups are studying sewing, weaving, English, and mathematics. So keen was the interest in sewing and weaving that classes were continued with good attendance throughout the summer. These classes have merited and received the patronage of the community.

In Conclusion

I would suggest that another year consideration be given to the purchase of either an electric or gas range for use in the domestic science kitchen. The prevalence of electricity or gas in the homes is rapidly making impracticable instruction in the care and use of the oil stove.

It may be interesting to note that your cost per pupil in the elementary grades for the year ending in June 1936 was \$94.63 compared with a per pupil cost of \$117.78 the previous year.

Characteristic of the past year has been a more general co-operation by parents. I believe this is largely in response to the home visits made by your teachers. It greatly assists both the child and the teacher in making those improved adjustments that determine educative growth. The attitudes of the child, more than high marks, determine his prospects for efficient living.

Respectfully submitted,

GEORGE H. HARMON,

Superintendent.

February 20, 1937.
